

Tofino-Ucluelet Transit Service

The Alberni-Clayquot Regional District wants to implement transit service between Tofino and Ucluelet to provide a vital connection between the two communities and an additional sustainable transportation option for residents and visitors.

The proposal includes:

- A transit route between Tofino and Ucluelet along the Pacific Rim Highway with several stops to connect key local and regional destinations
- Potential for limited service to the Hitacu First Nations community

We want to hear from you! Join us at an open house event to give us your feedback on the following:

- Does the proposed route get you to where you want to go?
- What are the key destinations you are travelling to?
- What times of day are you travelling to these key destinations?
- Are you willing to fund transit?
