TNG Television Productions Ltd would like to provide you with some information to help you prepare for our arrival and anticipate how our activity might affect your daily routine.

There will also be exterior night scenes filmed on the beach, which include an abandoned ship on the shore, dialogue between actors, and a minor fight scene involving prop weapons. There will be a lighting lift parked on the property of The Black Rock Resort to illuminate the scenes, however will not be directed into the windows of any nearby residents. Throughout the filming, we will have approximately 100 crew including cast, on set at any given time.
