Subject: 221 Minato public hearing comment

[External]

To Mayor and Council,

I'm writing in support of the proposed 221 Minato housing development. As a resident of Ucluelet, I am invested in the wellbeing of this community, and I see firsthand the urgent need for more attainable and diverse housing options. Too many people including friends, neighbours, and essential workers—are struggling to find stable, long-term places to live. Projects like this one are absolutely critical if we want to maintain a vibrant, inclusive, and sustainable community.

Housing challenges effect every part of our community, from local businesses trying to retain staff, to young families looking to put down roots, to elders wanting to stay in their community. The proposed development at 221 Minato is a step in the right direction. It will help address the real and growing housing shortage in Ucluelet, and I urge Council to support its approval.

Sincerely,

Kellie Moore
