Hello council,

I am in support of Ucluelet growing more housing, but I do not feel another resort of this size is the right approach. With more big developments like this, I feel like we coming closer and closer to what Tofino has become. Ucluelet loosing its charm.

Resources and building permits need to be given priority to projects that are based primarily on affordable housing with a local's first approach, not a for-profit development and mega resort. We also already have a brewery and don't need a second one. I am against this development.

Thank you
