Subject: Rejection of Rainforest Lane Rezoning

[External]

Hi guys, my name is Nukaiya Hatherley, I'm a resident of Ucluelet at [REDACTED]. I am writing to let you know I am not in favor of the new Rainforest Lane Rezoning. I, myself struggle with housing in town, as do many other people who support our tourism industry. We need affordable housing, not "attainable" housing and certainly not luxury condos. I don't want us to turn into Tofino - I don't think resort villages are in our best interest, especially in the proposed location. Especially after the go ahead of the Minato road developments - which are not for people like me. I do not personally believe that developments like these are in favor of building, and most importantly, retaining community.

Thanks for reading,

-Nukaiya
