Subject: Opposition to 604 Rainforest drive

[External]

Hello

I am Svatava Ptacek-Kubb. I live at [REDACTED].

I do not support the application for an allowance of luxury condo's at 604 Rainforest Drive.

Address: 604 Rainforest Drive

Legal Description: Lot A, Plan VIP82211, District Lot 281 & 282, Clayoquot Land District;
PID 026908701

Applicant: Nick Killins

File No: RZ25-06

We need affordable long term housing, not more short term rentals.

I would like people to live year round in our neighborhoods, and get know who lives here.

I walk Rainforest drive daily to Big Beach and do agree the site is an eyesore and the owner should be made accountable to remove the debris at this point. I love the green spaces Incorporated into the Rainforest drive and lane development. This should be enforced. The area is a great example of how future developments should proceed with greenspace boundaries.

I would support similar building that is already in place with the current residential neighbours.

Sincerely

Svatava Ptacek-Kubb
