Subject: Letter of Support — Hypocus Island Housing Project | May 20th Public Hearing

[External]

To the District of Ucluelet,

I'll keep this short.

My name is Anton ([REDACTED]). My wife, children, and I came to Canada from Ukraine in 2022 because of the war. We ended up in Ucluelet because my sister had been here before and told us it was a beautiful place.

At first we thought we would stay only temporarily, but this town became home for us very quickly. People here were kind, our children felt safe, and we were able to start rebuilding our life.

Now we own a home here, and we are grateful for the chance to be part of this community.

I support the Hypocus Island project because Ucluelet needs more housing for people who actually want to live and work here. Families, workers, and people trying to build a future need places they can afford to call home.

We were once in that position ourselves.

I hope the District will support this project and help more families have the same opportunity we had.

Thank you,

Anton
