Hello,

I am emailing in support of the proposed neighbourhood at the end of hyphocous island. As a resident with a young family, we want to see the town thrive with new business, opportunity and new housing for the community. Our local daycare struggles to find housing for it's employees every season and it impacts all of us.

I understand the opposition but feel the developer has done a great job at listening to some of the feedback and has addressed what it can. Adding 85 potential residences that will not be bought as short term rental investments is an amazing opportunity for the town to grow in a healthy manner and hopefully build up the # of full time residents to build tax base for more programs, sports centers and opportunity for our children.

Thank you

Bridget Kelly
